BORROWING

You may borrow up to **six books** for two weeks.

Please return your books promptly as it is not fair on other students if you have the books sitting on a shelf and not being used.

Books can be reserved and issues renewed.

Remember you are responsible for everything you borrow. Books lost or damaged must be paid for in full.

You must return all issues before your leaving form can be signed.

PLAN TO SUCCEED

WELCOME

The Library is open to you to conduct research, use computers or private study.

The Library is subject to class bookings, which will be given priority, therefore we ask you to check before using the facilities.

We expect you to treat the library with respect. For your benefit the **Conference Room is also a Silent Study Room** and we will insist on silence. In all other areas we would expect the very minimum of noise.

No eating or drinking allowed, no water bottles and no iPods/earphones.

If you do bring in bags, they should be placed well under the tables, otherwise they could pose a hazard if we have to evacuate the area quickly.

RESEARCH

Library Staff will be happy to help and advise you... Please just ask.

Some books are kept in the Library Office for your use.

There is a list of resources overleaf.

To find books remember the Subject Index or a keyword search (OPAC) is available on the issues computer.
